

High Quality, Reliable Conference Calls for Less!

Audio Conferencing

Zip Conferencing's Automated Audio service is an on-demand meeting tool that allows you to conduct convenient and cost-effective meetings with the features you need at your fingertips. Your dedicated toll free access number and passcode allow you to conduct your meetings from wherever you are whenever you need to hold a conference call. Audio Conferencing gives you the power to bring business associates together from across town or around the world.

Discover the Benefits of Automated Audio

Dedicated Dial-In Number and Passcode

For anytime, anywhere access, a dedicated dial-in number and passcode are provided.

Easy to Use

The most intuitive Audio Conferencing tool available; no complex training is needed. Manage your entire meeting through the phone.

Cost Effective

Pay-As-You-Go means you only pay for what you use each month. If you don't use the service there are no charges. Or take advantage of discounts with one of our Monthly Minute Plans. Both plans offer The Lowest Rates in America*

24/7 Customer Service

Award winning customer service is available at anytime by pressing *0 while on your conference call.
